

How to Run a CMS IntelliCAD Cloud License

Using Microsoft Internet Explorer 8+, Chrome, Safari, Opera or Mozilla Firefox:

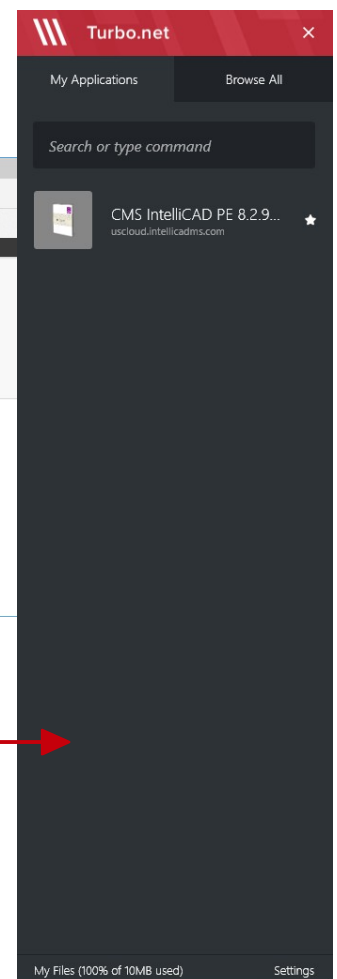

- a) Go to <http://uscloud.intellicadms.com>
- b) Sign in using your license data – Check your username and password at <https://www.intellicadms.com/licenses>
- c) Follow the instructions. Make sure to install the Turbo.net plugin that will allow our site to stream CMS IntelliCAD in to your machine(s).

Using Google Chrome:

- a) Go to <http://uscloud.intellicadms.com>
- b) Sign in using your license data – Check your username and password at <https://www.intellicadms.com/licenses>
- c) Follow the instructions. Make sure to add the Turbo.net plugin / Turbo VM Extension from Google Chrome Web Store. Install Turbo.net plugin.

Turbo.net plugin will be present at the desktop system tray.

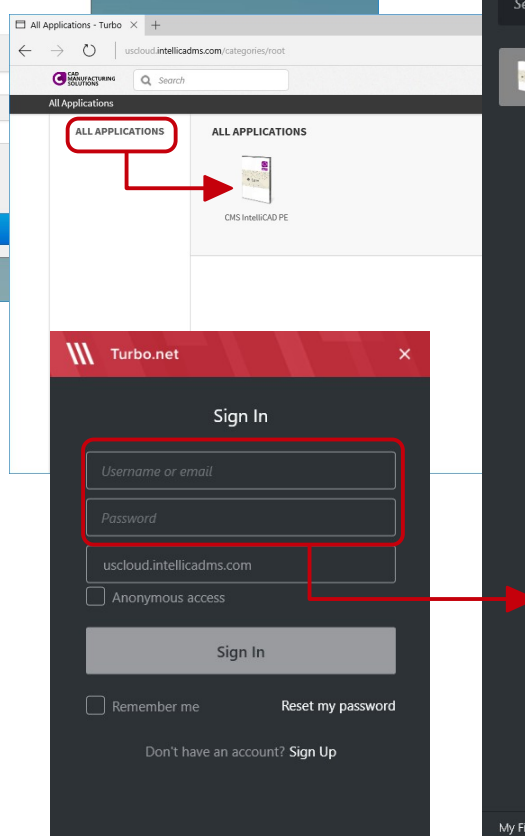

Signing in from Desktop System Tray:

- a) Go to Turbo.net Launcher.
- b) Sign in using your license data – Check your username and password at <https://www.intellicadms.com/licenses>
- c) Clicking at Turbo.net Launcher will pop the Turbo-net Browser. Browse for CMS IntelliCAD application.
- d) First run will create a desktop shortcut that can be used to re-launch CMS IntelliCAD.

For demo purposes, please use account:

Username (lowercase): demo
Password (lowercase): demo
