

## How to Run **CMS IntelliCAD PE Easy Run**

Using Microsoft Edge, Google Chrome or Mozilla Firefox:

- 1) Go to <https://run.intellicadms.com>
- 2) Sign in using your license data (license **username** and **password**)
- 3) Follow the instructions. Make sure to install the **Turbo.net plugin** that will allow our site to download and run CMS IntelliCAD on your Windows 64-bit machine(s). Make sure to accept all requested user access permissions.

The image shows two screenshots of the CMS IntelliCAD PE Easy Run website. The top screenshot shows the sign-in page with a 'Sign In' form and a blue box containing demo account information: 'For demo purposes, please use account: Username (lowercase): demo Password (lowercase): demo'. The bottom screenshot shows the 'Applications' page with a 'Download' button and a '1st step' instruction: 'Download and install turbo.net plugin. Run this step only once.' Below this, a context menu is open over the 'CMS IntelliCAD PE Easy Run' icon, showing options: 'Run in Cloud (HTML5)', 'Run in Cloud (Windowed)', 'Run on My PC (Local)', and 'Install on My PC'. A '2nd step' instruction is provided: 'Right mouse click on top of each icon and select the way you would like to run the software. If clicking at the option to "Install on My PC", you'll then see a CMS IntelliCAD desktop shortcut. Use such shortcut to run CMS IntelliCAD PE Easy Run. 1st run will download and then run our software.'
